Dear Marc:

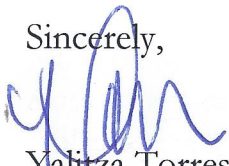

You are truly a ***"DREAM MAKER."*** Benjamin Franklin School No. 13 would like to thank you for Omega Man's wonderful presentation on March 26, 2014.

Approximately 250 students from grades 2 through 6 attended the presentation. They were totally engrossed in the "Super Hero's" actions, as well as, being able to perceive the difference between being a ***"DREAM MAKER"*** and a ***"DREAM BREAKER"***. The response from the children was overwhelming, and the message you delivered came through, not only verbally, but visually as well. I am hopeful the children will be able to retain your message and represent themselves as true ***"HEROs"***.

Benjamin Franklin School No. 13 highly recommends your program and we will surely urge our colleagues to utilize your program as an effective anti-bullying message.

Thank you again for being the definitive "Super Hero" to our students and staff; and we look forward to working with you in the future.

Sincerely,

Yalitza Torres
