Dr. Victor P. Valeski, Superintendent

Dear Mark,

First and foremost, I would like to personally thank you for your presentation. It was wonderful and I highly enjoyed it as much as the students. With the new laws that are now in place regarding Harassment, Intimidation, and Bullying in New Jersey we have seen many programs with the anti-bullying theme. To be honest most of them are the same. Your presentation was not only highly entertaining, but you presented your message in a different way. This was refreshing for both the staff members and students.

Ever since your assembly the students have been talking about "Omega Man". The most commonly used phrase is "Do you want to be a dream maker or a dream breaker?". Your message also impacted the staff members. They have all had positive things to say and enjoyed the assembly. One staff member was absent and relayed to me that he heard he missed a good assembly.

Your message did not over use the concept of being a bully or how to avoid being a bully. You emphasized making positive choices, and that working towards your dreams begins now, and that how you treat people is very important. I would highly recommend the Omega Man & Friends assembly to any school at any level. We will make sure that we have Omega Man & Friends come back to our school again.

Sincerely,

Ranae Pollicino
