Dear Marc,

Thank you for volunteering at our annual Publix Day of Mentoring. The event, which we partner with United Way of Central Florida and Big Brothers Big Sisters of Tampa Bay, was our most successful one yet. The children enjoyed your presentation thoroughly as did the adults. Your anti-bullying message combined with your challenge to reach your dreams is captivating yet you made it seem possible. The children appreciated your strength and personal message of what you overcame as a child. I can't think of anyone better to inspire children than you, OmegaMan.

Thank you for the individual time you spent with each child, making them feel special. You have a warmth and kindness that cannot be measured in strength and numbers.

We wish you all the best.

Sincerely,

*Jodi Ridley*
