Dear Omega-Man,

Thank you so much for coming to our school to perform for our 3rd, 4th and 5th grade students. Our students are still talking about being Dream Makers! We have the bat, phonebook, steel and our signed poster on display as a constant reminder to our students to be HERO's everyday (Helping Everyone Respect Others)! As a school counselor, all of the objectives you addressed with our students were very beneficial and go along with our character education program that teaches our students to be respectful, responsible, trustworthy, caring, fair and good citizens. I would definitely recommend the Omega-Man bullying assembly to other schools. It was full of fun and entertainment coupled with a great message for our students! We loved it in Orange County VA!

Sincerely,

Patrice Brown Stokes
School Counselor
