Superintendent of Schools

To Whom It May Concern,

Omega Man offers a fun-filled, yet informative program to students! This year, more than 30 Polk elementary and middle schools participated in the *Omega Man* Program. *Omega Man* provided excellent bullying prevention and positive choice messages which supported the bullying prevention initiative in Polk County's schools. We look forward to the prospect of partnering with Omega Man next year as well.

I received countless letters from principals complimenting the program and asking for additional performances. The following quotes were taken directly from letters I received from school principals:

"The positive anti-bullying message emphasized compassion, humor and always pursuing your dreams. Everyone in attendance could take something away from the stories and reflections share during the assembly."---Principal, Secondary ESE Specialty School

"The content of the message was exactly what our students need. They need to know there will be "Dream Busters," and they should never give up, no matter the obstacle."---Assistant Principal, Elementary School

"The audience was amazed with the feats of strength. The use of students in the performance was a big hit."---Principal, Elementary School

"The students very much enjoyed having him here. We could hear how much they were enjoying it from the office!"---Principal, Elementary School

These are just a few quotes from the many responses I received. As a district, we are very pleased with *Omega Man* and highly recommend the performance to other schools from elementary through high school.

Sincerely,

Audrey Kelley-Fritz, Ed.S.
